Director's Report

November 2023

The Kansas Library Association conference was a great experience. I attended all three days. The entire staff attended on Thursday and enjoyed all of the sessions.

The Lego wall open house was a huge success. The Woman's Club was also honored at city council for their 90th anniversary and the city passed a resolution to name October 10th as Goddard Woman's Club day to honor their wonderful contributions to the community. A huge thank you to Carrie for pulling that all together and to Peggy and her husband for all the extra work they did to make the Lego wall area so nice.

Christmas on Main St plans are coming together. We will have 4 story times on Tuesdays leading up to the holiday and will have cookies on the 2nd at the library and take part in the parade.

Our KanRead event was a huge success! We had a flower bouquet demonstration with wine that we called "Bouquets and Bubbly". I also presented a similar flower arranging session for our Book Edge book club so more of our patrons could sign up for the original event. It was a blast actually putting on a program myself!

Puppet Ladies are continuing to provide shows at the library for the community and we are enjoying every show! Seeing their dedication to bring books to life is wonderful and fun!

Welcome Adam Achey! Adam started as our new part-time library aide. He is attending Emporia State to get his Library Science degree. He has a master's in fine arts and brings a lot of art and archival knowledge to the position.

Patron Comments:

My granddaughter loved the Halloween party – thank you for doing that!

The library is the best place in town to play!

I love the bright new rugs and primary colors – it really makes the children's area pop!

"We get a ton of compliments about the library! The programs are so much nicer since Mrs. Carrie is here!" (Mr. B's)

"There is a great vibe here! I love the atmosphere and would love to do more programs here!" (Brent)

Ultra-compact to make the most of the available space, National Public Seating stacking chairs are ideal for classrooms or cafeterias, meeting rooms or event spaces, providing comfortable seating even when space is at a premium.

- › Ergonomically designed to provide maximum comfort, this 8500 chair features a waterfall seat sloping gently downward to minimize pressure on legs.
- › Flexible backrest has subtle give for easy support.
- › Injection-molded, textured polypropylene is easy-to-clean, resisting fading and scratches to look like new for years.
- › Under-seat ribs provide reinforcement to prevent cracking.
- › Hard-wearing, rigid chrome-plated steel frame provides a stable base.
- › Suitable for most users, this chair has been weight capacity tested to support up to 300 lb
- › Easy to carry thanks to a useful backrest handle.
- › Protective glides on the sled-style base make this chair easy to move without marking floors.
- › Stacks up to 40 high for impressive storage.
- › Tested to meet ANSI/BIFMA Performance Standards - Manufacturer testing has been conducted on this product to meet specific performance requirements and safety standards set forth by the American National Standards Institute (ANSI) and the Business and Institutional Furniture Manufacturers.

About this item

- A new space-saving design that mounts critical components on a single board eliminates the need for connectors. A more reliable design with fewer components minimizes downtime and improves serviceability, resulting in increased productivity. Its small form factor ensures that the Xenon 1900 fits well in virtually any sized hand, reducing operator fatigue
- Built with durability in mind, Xenon 1900 can withstand up to 50 drops to concrete from distances as high as 6 feet. An IP41-rating provides added protection. With a solid-state design backed by a five-year warranty, Xenon 1900 is constructed to deliver years of uninterrupted performance
- Custom Sensor Optimized for Bar Code Scanning: Improves scanning aggressiveness and protects investment by providing supply chain stability
- Optional Disinfectant-Ready Housing: Protects investment with durable construction that is better able to resist the harmful effects of harsh chemicals
